Read:-

Memo No. 27, dated 22nd August 1908, from the State Geologist and Chief Inspector of Mines in Mysore, requesting the formal sanction of Government for the payment annually of the proportionate cost of the maintenance and working expenses of the Telephone Installation at the office of the Inspector of Mines on the Kolar Gold Fields.

No. 839-40 Dated Bangalore, 8th September 1908.

Order thereon:- The Telephone Installation at the Office of the Inspector of Mines on the Kolar Gold Field was sanctioned by Government in Proceedings No.361-G/F.151, dated 27th June 1901, and as the connection is with a private exchange belonging to Messrs. John Taylor & Sons all those that are enjoying the benefits of the exchange are necessarily liable to pay a proportionate share of the annual cost of maintenance of the Plant and the working expenses. The Geological Department has accordingly been paying the Inspector of Mines' share of such expenses annually from the contingent grant of the Department. The Comptroller to the Government of His Highness the Maharaja of Mysore now desires that the formal sanction of Government should be obtained for the payment of this annual charge and the Government are pleased to sanction it, the charge being met from the contingent grant of the Department as heretofore.
